Drama, Singing, Musical theatre & Auditioned Parts Calls

Saturday 19th Sept

Please attend the session for the class you are part of. If you are in more than one class, just pick one time - You only need to come to one timeslot and you can collect all of the costumes you need (*apart from dance costumes which must be collected on the days above.*)

- Bring a list of each item you are in and/or character you play in the show.
- Bring a named eco bag to put everything in! *Several bags if you are in several classes and know you will get several costumes today.*

Please check your list to make sure you have all of your costumes before you leave the fitting. We cannot always remember everything every student does in a busy costume call like this, you need to help us by making sure you have all of your costumes for all of your class items and/or characters before you leave.

Please try on all necessary items, this is the time to tell us it does not fit so that we may adjust it for you!!! If you take it away then we assume it fits. If you discover later that it doesn't fit you will need to adjust it yourself
